PRODUCT DESCRIPTION

LONG:

Elgato Ring Light is a Wi-Fi enabled LED solution engineered to flatter the skin, eliminate shadows, and give your eyes that special sparkle without glare. Simply secure your camera to the ball mount and connect your Mac, Windows PC, iPhone or Android device to adjust brightness and color temperature from anywhere in your studio, or use the onboard controls. Looking flawless has never felt more comfortable thanks to premium edge-lit architecture and advanced multi-layer diffusion technology. Ideal for video and portrait shooting, Elgato Ring Light makes you the master of closeup illumination.

MEDIUM:

A premium edge-lit lighting solution designed to flatter the skin, eliminate shadows, and give your eyes that special sparkle without glare. Wirelessly connect your Mac, Windows PC, iPhone or Android device to adjust brightness and color temperature from anywhere in your studio, or use the onboard controls. Ideal for video and portrait shooting, Elgato Ring Light makes you the master of closeup illumination.

SHORT:

Designed to flatter the skin, eliminate shadows, and give your eyes that special sparkle without glare. Elgato Ring Light makes you the master of closeup illumination.

RING LIGHT

ILLUMINATE ON COMMAND
